

OUTLINES.

Near Rio Grande City, Texas, on the Mexican border, four Texas Rangers killed four armed Mexicans Thursday night; it is rumored that fighting continues and troops have been ordered to the scene.—Hon. William J. Bryan, of Lincoln, Neb., yesterday issued a statement in which he says the election of all the Democratic ticket except Mr. Hearst is a Democratic victory in President Roosevelt's own State in spite of his personal appeal for endorsement and not calculated to gladden the President's Thanksgiving Day.—The Interstate Commerce Commission is to investigate the entire system of Harriman railroads.—The New York State Democratic committee met yesterday and took steps to prevent the Republican from counting out Lieutenant Governor-elect Chanler and others of the Democratic State ticket who appear to be elected; Brooklyn Democrats appeared before the committee and demanded that Pat McCarron and others be read out of the party for knifing Hearst.—Another negro was lynched in Georgia yesterday for assault on a lady, following the lynching of one on Thursday for murdering a white man.—Argument of the case against the American Tobacco Company, for violation of the anti-trust laws, was begun in New York yesterday.—President Roosevelt aboard the Battleship Louisiana passed the North Carolina coast yesterday; he will receive the news by wireless telegraph as the ship proceeds.—The second day's argument took place in New York yesterday in the policyholders' suit to restrain the officers and trustees from spending the company's money to have themselves re-elected.—At Wilkesbarre, Pa., four men are under arrest for connection with 2,000 fraudulent votes in two townships on election day.—After midnight Thursday night a lone masked robber, held up the passengers on a train near Kansas City, Missouri.—New York markets: Money on call strong, 8 to 15 per cent., ruling rate, 8 1/2, closing bid 10, offered at 12, spot cotton a few points decline, closing quiet at 10 1/2; flour steady but quiet; wheat firm, No. 2 red, 80 3/8 elevator; corn easy, No. 2, 54 1/4 elevator; oats firm, mixed, 39; turpentine and rosin firm.

Cows will be shocked to know that a machine has been invented to do milking by electricity.

Says the Philadelphia Press (Rep): "Well, it is over. Now you can collect your bets." Collect?

Dear Miss Missouri consider yourself embraced and smothered with congratulations upon your return to the South.

The New Yorkers evidently preferred to swallow Hughes with all his whiskers than to take in Hearst with his hair parted in the middle.

Nebraska goes Republican, with alarming persistency. Col. Bryan should remove to North Carolina, which always goes Bryan.

Remarks the Washington Post: "An actor named Edwards has lost his job because his kisses were too fervent and realistic." Edwards is like many men who lose their heads when they try to seize their opportunities.

It is announced that Senator Depew of New York, will go to Washington to occupy his seat when the Senate meets in December. His seat has been unoccupied so long that it will probably feel cold to him.

At Hollywood, Pa., on election day a man deposited a Republican ballot and dropped dead. We have known all along that conscience would terribly lash a man, but we had no idea that it would follow a man right up to the polls and get even with him.

Even the Indian voters in Oklahoma had a "heap horse sense." They preferred to vote with the white man's party. Red Men know better how to discriminate than some white men. However, the White Men of North Carolina are largely in the majority.

Queries the Greensboro Industrial News (Rep): "Our well known inquisitiveness prompts us to ask our Democratic contemporaries to tell us what in their opinion was the 'paramount issue' in North Carolina this year?" Had you never thought of Marion Butler, Spencer B. Adams and E. Spencer Blackburn as being it?

SHOT MAY BE FATAL

Colored Deck Hand on Steamer C. W. Lyon Fired on By Engineer Peoples.

TWICE IN THE SHOULDER

Shooting Early Last Night at Wharf of Tar Heel Steamboat Company In This City—Negro in the Hospital.

John McDowell, colored, 20 years old, a deck hand on the river steamer C. W. Lyon, of the Tar Heel Steamboat Company, was shot twice in the shoulder by Engineer J. A. Peoples, on the deck of the boat last night between 6 and 7 o'clock, and may die as the result of the wound. He is in the hospital in this city and Dr. Gray, of the hospital staff, who made an examination of the wound, found that one of the main arteries had been severed and that the patient was having internal hemorrhages. Engineer Peoples, who is a well known young white man of this city, claims that the shooting was in self-defense and gave himself up at the police station at once. Pending the result of McDowell's injuries he is being held without bond.

According to Mr. Peoples' version of the affair, he was employed to go on the steamer Lyon to Fayetteville to bring the boat back, while the regular engineer went on vacation. Mr. Peoples is regularly employed as engineer of the steamer Tar Heel of the same company which is now laid up for repairs. He said that he went aboard the Lyon yesterday evening. The negro was crowding the passage-way and he told him to get out of the way. McDowell went off cursing him. The engineer said he went on board the Tar Heel, which lay alongside, to get his belongings to transfer to the Lyon; that as he was crossing over to the Lyon in the dark some one shouted to him to look out and as he turned his head the negro had an iron spade drawn to strike him. In self-defense he drew the pistol and fired twice. The negro dropped, and later the ambulance was summoned and he was taken to the hospital.

The wounds of the deck hand penetrated the back of the right shoulder close together. One ball was found under the skin and was taken out by Dr. Gray, but the other severed the main artery and passed in deeper. The latter had not been located by the hospital surgeons last night. McDowell also had a bad contusion of the eye which he says was inflicted by a pair of brass knuckles. At first it was thought that the wounds were not serious, but later the internal hemorrhage developed and upon advice from the hospital, Engineer Peoples, who had arranged to give bond, was held at the station house. He was allowed to sit in police headquarters during the night.

Mr. Peoples has a wife and family who are now visiting relatives in Fayetteville. He lives at Eighth and Chestnut streets and bears a good character. He has been on the river a number of years. His friends will furnish any amount of bail for him in the event the colored man's injuries do not prove fatal.

Furniture for the Library.
Handsome furniture in antique oak, consisting of comfortable chairs, tables and a desk for the librarian, have arrived and are being installed in the library at the City Hall. It has been decided to make the library hours from 10 A. M. to 7 P. EXAMINE THE JAIL FROM NINETY EIGHT

County Sanitary Board and Several Others in An Advisory Capacity Made Thorough Inspection of the Premises Yesterday.

In view of the recent very severe arraignment of conditions as they obtain in the New Hanover Jail by Judge Farnell of the Federal Court, the County Sanitary Board met yesterday with several others in an advisory capacity and made a thorough examination of the prison with a view of making an official report to the Board of County Commissioners. The Board met without announcement of their purpose, and during the afternoon made a very careful inquiry into existing conditions. In the party were Dr. George G. Thomas, president of the State Board of Health; Dr. W. D. McMillan, County Superintendent of Health; Dr. James Carmichael, who has visited the jail several times during the confinement of United States prisoners there; Drs. T. S. Burbank, Harless Bellamy, A. H. Harriss and E. J. Wood, several of whom constitute the County Sanitary Board.

They visited the jail and went through every part of it without the assistance of Jailers Capps and not only examined into the sanitary conditions of the building itself, but looked into the food furnished, etc., and talked with the prisoners regarding their treatment and fare. Following the inspection of the jail, the visitors held a brief consultation in the room of the County Commissioners at the Court House and will probably make up their official report to-day. It will be awaited with interest by the public.

CATHERINE KENNEDY HOME.

Card Issued by Officers With Reference to Its Maintenance.

Editor The Star:—At this time a serious problem is confronting the inmates of the Catherine Kennedy Home; that of lack of means with which to procure wood for the coming winter. In the past years one good woman has furnished the money which has bought nearly all the wood they have used. This, with the gifts of wood from individuals, has been nearly sufficient to carry them through the winter.

For reasons satisfactorily to herself this good woman is not now able to provide for this contingency, so that it is indeed a great problem as to how these ten fireplaces are to be supplied with wood.

The Society cannot furnish fuel except for the kitchen, and the inmates have no income, so unless the charitable inclined are willing to contribute towards an amount sufficient to purchase, haul and cut a car-load of wood, these old ladies will suffer from cold.

In the last cold spell the Society discovered that one inmate, and she over eighty years of age, had not a stick of wood, and in such an emergency there was nothing else to do but break our rule by investing in a load of wood for her. This appeal is not for the Society but for the individuals who compose our household.

Mrs. Roger Moore, president; Mrs. Phil. Pearsall, vice president; Miss Louise Harlow, secretary; Mrs. W. R. French, treasurer; Mrs. James Carmichael and Mrs. B. F. Hall, executive committee.

STRIKE QUICKLY DISPOSED OF.

Negroes Walked Out at Cape Fear Lumber Mill Yesterday Morning.

There was a small strike of 24 negro unskilled laborers in the planing mill of the Cape Fear lumber mill in this city yesterday morning, but according to all accounts it was quickly disposed of. The men in that department of the mill receive from \$1.25 to \$1.75 per day and demanded that the hours of work be cut down, closing the mill at 5:30 o'clock in the afternoon. The company claimed it was working half an hour shorter than the other industrial plants anyway and the demand was not granted, whereupon the negroes walked out. Some of them began to loiter around on North Fourth street and they quickly fell under the eye of the police who have specific instructions on the vagrancy law. Three of them were picked up on that charge and in the police court at noon, they were glad enough to claim work at the mill. They returned to work. Six others were arrested for having no visible means of support and they also claimed to have work at the mills, returning there in double quick time and resuming their occupation. There are several still out, but they are expected to return to work this morning.

Anniversary Celebration of Wilmington Light Infantry as Constituted During Riot

WRIGHTSVILLE LAST NIGHT

Association Held Annual Meeting, Enjoyed Barbecue and Oyster Roast at Lighthouse—Informal Addresses By Several.

The association of members of the Wilmington Light Infantry as it was constituted during the memorable race troubles in this city on November 13th, 1898, last night most fittingly celebrated the anniversary of the service of the company during those perilous times in Wilmington. The celebration took the form of a barbecue and oyster roast at the Lighthouse on Wrightsville Sound with the annual meeting and election of officers of the Association. The anniversary proper does not occur until to-day but many of the members found it inconvenient to be away from business on a Saturday evening and, therefore, the celebration was held on the eve of the anniversary, which is so well remembered by the more recent residents of this city.

The "veterans" went down in a special car of the Consolidated company at 6:30 o'clock and arrived last night at 10:30 o'clock, decorated the anniversary celebration a most successful one in every particular. The objects of the association are to preserve in accurate form the true history of events during those times and to cultivate a social feeling among the members of the command. The organization was perfected last year and the second annual meeting last night was a bright augury of the prosperity of the association.

In the absence of the Rt. Rev. Robert Strange, D. D., chaplain of the company in '98 and now chaplain of the association, Rev. R. W. F. Egan, rector of St. James' and the present chaplain of the company, was a guest of honor and opened the exercises with prayer. An oyster roast was enjoyed by the members at the Lighthouse, Mr. Stokely, the proprietor, having excelled himself in the serving of the luscious bivalves. The roll call was then had and 22 of the 35 resident members of the association answered to their names as follows: Col. Walker Taylor, past commander; Col. T. C. James, commander; Capt. J. VanB. Metts, vice commander; Robert N. Sweet, recorder; S. M. Boatwright, J. B. Cooper, W. N. Harriss, J. F. Maunder, Roger Moore, Jno. Meier, Ed. Moore, H. G. Whitney, N. E. Gillican, J. D. Nutt, W. E. Perdue, W. H. Robbins, Robert C. Sloan, O. A. Wiggins, C. H. White, J. P. Quelch.

Since the existence of the company in 1898 four members have passed away: E. Kiehl Calder, Jno. C. James, Capt. W. R. Kenan and William Ullrich. As their names were called on the roll last night, the recorder paused for a moment and members in attendance upon the meeting arose as a silent tribute to the memories of their deceased comrades.

The election of officers followed and resulted as follows:
Past Commander—Col. Walker Taylor.
Commander—Col. T. C. James.
Vice Commander—Capt. J. VanB. Metts.

Chaplain—Rt. Rev. Robert Strange, D. D.
Surgeon—Dr. A. H. Harriss.
Recorder—Mr. Robert N. Sweet.

Capt. Wm. F. Robertson, at present, commander of the Wilmington Light Infantry, was a guest of honor, and made a pleasing address in response to calls after the business of the meeting was over.

Rev. R. W. Hogue also spoke with pleasure at the opportunity of being present upon such a pleasant occasion and made some especially pleasing remarks in regard to the military.

Following the formal part of the exercises Dr. Nutt, a past master in the art, carved the pig and a genuine, old barbecue was enjoyed, a special importation having been made on the evening train from Goldsboro. Much time was spent in pleasant social intercourse and the affair will be remembered as one altogether pleasant.

Brunswick Transportation Company Chartered by Secretary of State. "Atlantic" Will Be Here Early by the Coming Week.

The Brunswick Transportation Company, which was recently organized for the purpose of putting a new freight and passenger steamer on the Cape Fear river between Wilmington and Southport, has been chartered by the Secretary of State. The capital stock is \$30,000 but business may be begun when \$11,150 has been paid in. The purposes of the corporation are to own and operate steamboats and any and all kinds of vessels on the river, its tributaries and on the ocean.

The stockholders are as follows: W. A. Moore, A. W. Moore, John R. MacRackan, Duncan I. Watson, J. J. Loughlin, M. T. Craig, J. A. Pierce, L. J. Pepper, J. W. Fullwood, S. W. Smith, O. Sorensen, C. C. Swain, J. B. Ruark, J. W. Westcott, W. H. Lewis, F. P. Lewis, H. C. Sellers, F. D. Price, Thomas Larsen, Mrs. S. A. Thorp, Mrs. Annie W. Vernon, Mrs. Daisy Kapp, Mrs. J. H. Clemmons, Price Furlless, S. W. Lelew, J. B. Fountain, Alex. Swain, R. S. Newton, Knud Tablasen, G. W. Bell, C. N. Phillips, Miss Price, Richard Dosier, A. J. Arthur, Arthur Dosher and E. H. Taylor, Jr., of Wilmington.

The company has purchased at New York the steamer "Atlantic" and she is expected here about the last or the first of this week. The steamer was turned over to the representatives of the purchasers at New York on the 1st, but she was detained some days, awaiting some repairs and overhauling. As soon as she arrives, it is stated that she will immediately on the run between here and Southport. The hull of the boat has been overhauled and a handsome saloon has been fitted on the upper deck. It is expected that the company will order a few days.

ROMANTIC MARRIAGE.

Miss Maggie Jenkins Bride of Mr. Charles B. Capps.

A marriage of romantic nature was celebrated last night at 10:30 o'clock at the home of the groom's sister, Mrs. Ben Horne, Castle and Surry streets, when Miss Maggie Jenkins, the attractive young daughter of Mrs. Henrietta Jenkins, Second and Queen streets, became the bride of Mr. Charles B. Capps, formerly of this city, but now of Sanford, N. C. There was parental objection at first and the arrangements involved a visit of the Deputy Register of Deeds to the home of the bride to ascertain certain facts necessary to the issuance of the license. The objection was not entirely overcome by the visit but the facts were all that were necessary and so the bride and groom proceeded to the home of the groom's sister where Elder J. W. S. Harvey made them man and wife in a very pretty ceremony. The waiters were Miss Angie Williams and Mr. Ben Cottle and Miss Helen Skinner and Mr. E. S. Capps.

The bride and groom will leave this morning for their future home at Sanford, N. C., where Mr. Capps is foreman of a large tin and sheet metal establishment. They have many friends who will congratulate them upon the happy termination of the romance in their lives.

A FINE PRODUCTION.

Dr. Jekyll and Mr. Hyde Pleased Large Audience.

"Dr. Jekyll and Mr. Hyde," with Mr. W. H. Hartigan in the dual role, gave great satisfaction to a large audience at the Academy of Music. Mr. Hartigan has a clear conception of the dual character and played it faithfully and conscientiously.

This afternoon there will be a special matinee at which the bill will be "A Silent Witness." The bill for tonight will be a pleasing comedy-drama entitled "Passion's Slave." There will be specialties between acts and a very fine performance is assured.

It will be a pleasure for theatre-goers to know that the company has arranged to remain in Wilmington for one more engagement Monday night. The bill for this special performance will be a stirring drama of New York life. The title is "Desperate Chances."

Annual Elks' Memorial.
The annual memorial exercises of the Wilmington Lodge of Elks will take place Sunday afternoon, December 2nd, in the Academy of Music. Maj. Wm. F. Robertson, of this city, will deliver the address and the usual very pretty exercises will mark the occasion. Exalted Ruler W. R. Kingsbury will preside at the session.

DOCKET ABOUT CLEAR

Nearly All Cases in United States District Court are Disposed of

THIRTEEN TRIED YESTERDAY

Charges Largely For Retailing in Dry Counties—Circuit Court and Admiralty Dockets Will be Taken Up Next.

With the exception of one case which was on trial when court took recess at 2 o'clock yesterday afternoon the docket for the present term of the United States District Court at Wilmington was cleared yesterday. The admiralty and Circuit Court dockets will be taken up to-day and during the coming week. There are a number of cases on the latter dockets, but it is probable that there will be continuances in many of them.

Thirteen cases of retailing were disposed of yesterday, the government through Assistant District Attorney Giles, securing a conviction in all save one. A large number of witnesses in the 13 cases disposed of yesterday had been discharged and left for their homes. The cases yesterday were from Robeson and Cumberland counties and were as follows:
Samuel Blossom, obstructing R. F. D. route; case continued until next term.

Archie Malloy, Scotland county, retailing; judgment suspended and defendant discharged.

Dave Locklear, Robeson, retailing; 30 days in jail and \$100 fine and costs.

Fred McQueen, Robeson, retailing; judgment nisi sci fa and capias.

Mary Belle Oxendine, Robeson, retailing; not guilty and discharged.

Jim McNeill, Scotland, retailing; pleaded guilty and judgment suspended.

Rena Oxendine, Robeson, retailing; nisi sci fa and capias.

Chesley Locklear, Robeson, retailing; three months in jail and \$100 fine and costs.

James Barfield, Cumberland, retailing; 30 days in jail.

Nathan Hill, Cumberland, retailing; nol proq with leave.

Dave Buie, Robeson, retailing; verdict of guilty by jury; judgment reserved.

Lovett Locklear, Robeson, retailing; verdict, not guilty.

Coot McArthur, Robeson, retailing; pending trial court took a recess.

In the latter case, the defendant is represented by S. B. McLean, Esq., of Maxton. The case will go to the jury soon after the court meets this morning.

Boys' Brigade Sunday.

Rev. G. A. Martin, the new pastor of Southside Baptist Church, will be the speaker at the Boys' Brigade Armory Sunday afternoon at 5 o'clock. Mr. Herbert O'Keefe will be the soloist and Mr. Alf. H. Yopp will play the accompaniments. Rev. R. W. Hogue, rector of St. James' will conduct a mixed meeting at the armory on the first Sabbath afternoon in December and the music will be in charge of Mr. A. S. Holden.

THE VOTE OF BRUNSWICK.

Returns Show That Republicans Captured Most of Ticket.

(Special Star Correspondence.)
Southport, N. C., Nov. 9.—Returns from the county indicate the election of Taylor, Republican, over Guthrie, Democrat, for the Legislature, by a majority of about 125; Standland, Republican, over Rourke for sheriff, by 100; Jenerette, Republican, over McKeithan, for Register of Deeds, and Brooks, Republican, over Russ, for Treasurer, by about 75 votes. Newton, Democrat, is elected Clerk of the Court, over W. T. Pinner, Republican, by about 300. The coroner, surveyor and members of the Board of Commissioners were elected by the Democrats.

BLADEN'S OFFICIAL VOTE.

Majorities Range Up to Nearly Seven Hundred for County.

(Special Star Telegram.)
Elizabethtown, N. C., Nov. 9.—The official vote of Bladen county in the election Tuesday shows majorities for the county ticket ranging from 556 to 637. The vote in detail is as follows: For Corporation Commissioner, McNeill, 1,082; Douglass, 449. For Congress: Godwin, 1,050; Schulken, 471; State Senate: Greer, 1,061; Republican, 467. Legislature: Democratic, 1,019; Republican, 486.

HEARST DEFEATED HIMSELF.

According to District Attorney Jerome, of New York, who is a Democrat and also an independent when it suits him, Wm. Randolph Hearst is responsible for his own defeat. On Thursday Mr. Jerome made this comment on the election:

"If Hearst had not undertaken to sandbag the Democratic party into accepting him and had made himself an integral part of the Democratic party, the result in my opinion would have been a sweeping Democratic victory. He would have a powerful and important position in it. He did not take that course, however, and I don't see how he can become a candidate in the Democratic party again. The American people are always willing to forget and to forgive. Hearst can do much good yet. His papers have a powerful influence and if he handles himself with good poise and judgment in matters generally he can accomplish much good. He must abandon the wholesale abuse of anybody and everything and must confine himself to attacking in a clean way the abuses which he wants to assail. His past offenses will then be forgotten and forgiven. He could be of service to the organization. He must decide his course, however."

We thought at the time that Mr. Hearst was running like a woodsawyer. Perhaps that is why he got such a big vote and perhaps it isn't. He may have received enough votes to elect him if he had played a political game but he chose to act with absolute independence of the Democratic party. He bucked up against Tammany but the truculent Murphy, smarting under slaps in the face from Hearst, got most of the boys to stand for Hearst. However, the role played by Hearst no doubt drove away from him many Democrats who were not of the Murphy order.

If the Democrats had nominated Judge Gaynor New York would have had a Democratic governor. The vote shows that the people were ripe for a change. Mr. Hearst, however, made a remarkable fight and his defeat is not without suspicion after all.

IMMIGRANTS FOR WILMINGTON.

Says the Charlotte Chronicle: "If the Wilmington papers will join us in the movement to get an immigrant steamship line for that port, we believe the project can be put through the next session of the Legislature."

The Chronicle's suggestion is a good one and The Star heartily concurs. Wilmington would give employment to a whole ship load of domestics and we infer from the frequent complaints in our Charlotte contemporaries about the servant question in that city that it would require another ship load to meet the Queen City's demands. We understand that in all the towns in eastern Carolina the conditions are about the same as they are in Wilmington and Charlotte. Families need "help" and it is impossible to get it. That which is to be had is unsatisfactory and when you get it you don't know how long it will stay. It always goes without giving notice or reasons.

Throughout eastern Carolina the farmers are badly in need of help to make their farms productive. Farming operations have to be limited because of the short supply of labor. A farmer in New Hanover county told us a few days ago that he was so hard up for labor that he had to pay a 12 year old colored boy \$12 a month and feed him. He was willing to take more at the same price but couldn't get them to stay on the truck farm.

The conditions are really such that a good many ship loads of the right sort of people could get homes and employment as soon as they could land here. Some intelligent investigation of the wages to be paid and the inducements foreign help would require might put us in the way of securing the kind of help needed here and in the Charlotte section. Many thifty foreigners also might be

induced to buy lands and homes here, for the field is broad and inviting. The immigration bureau of our state Agricultural Department might get together with us on this matter, and we are satisfied that the movement can be successfully inaugurated without violating the alien contract laws of the United States. The Star will aid in the undertaking.

—Present indications point to the fact that Senator Fred Dubois won his fight in Idaho and will succeed himself in the Senate. It seems certain that when the Senator-elect by the Legislatures meet next winter shall have taken their seats, Mr. Dubois will enjoy the unusual distinction of being the only Democratic Senator from a State north of Mason and Dixon's line. Montana has chosen a Republican Legislature to elect a successor to Senator Clark, and among those prominently spoken of for the place is "Joe" Dixon the present member of Congress from that State and a native of Alamance county.—Greensboro Industrial News, (Rep.)

"What an awful crush there was there! Once you got in it was impossible to get out until the whole thing was over."—Philadelphia Press.

—"Why do you object to your daughter's marriage to a titled stranger?" "It's simply this," answered Mr. Cumrox. "I don't mind the money, but I object to a son-in-law who is in a position to insist on being addressed as 'your lordship' when I want to make a fuss about his late hours and his expense account."—Washington Star.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

SPORT IN AMERICA.

The Change That Has Come Since the War Between the States.

Before the civil war we Americans had few outdoor pastimes. There was some fox hunting in the south, some considerable fishing, very little angling. Tennis and golf were unknown to us. Croquet was decorously played. Driving and riding were restricted to the few who could afford the time and expense. One or two cricket elevens struggled for existence. There were no bicycles, no motors, of course, only an absurd velocipede or two. Extreme youth "few kites," played marbles and whittled tops. Among their elders, however, there was a mingling, artificial attitude toward all outdoor sport which found its fullest expression in a quadrille, at croquet or a sentimental sailing expedition under the calmest of skies.

However, even then we had yachtsmen—naturally corollary of our superb commercial navy—and we had good horses and were breeding better ones, and we by inheritance were a nation of men who handled a rifle properly.

War came and left us with its immense accumulation of good and evil, and it seemed then that out of sheer weariness of sadness and trouble the germ of the old play spirit, so long dormant, awoke among us to save us from ourselves.—Collier's Weekly.

Browning's French Grammar.

It is not generally known that Robert Browning was the author of a French grammar. It appears that even the late Dr. Garnett, whose knowledge of literature was encyclopedic, had not heard of this early venture of the poet's. His surprise was therefore great when a reference to the work in question by Browning himself was pointed out to him. It occurs on page 203 of the first volume of Browning's letters to his wife. "Thus in more than one of the reviews and magazines the 'laughed my 'Paracelsus' to scorn' in years ago—in the same column often of these reviews—would follow a most laudatory notice of an elementary French book, on a new plan, which I 'did' for my old French master and he published it—that was really a useful work."

The Dominion of Canada.

The Dominion of Canada came into existence on July 1, 1867. The province of Canada was divided into upper and lower Canada, which divisions are known now as Ontario and Quebec respectively. It was subsequently augmented by the province of Manitoba and the Northwest Territories in 1870, by British Columbia in 1871 and Prince Edward Island in 1873 and now includes the whole of British North America.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair in a inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; "hich flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven I am permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and \$1.00. Trial bottle free.

LONG WALK IN OFFICE.

Average Business Man Covers Vast Territory in a Year.

"If I had a cent for every mile I walk during office hours every day I'd soon be able to retire," is a remark frequently heard from men and women who are kept on their feet while at business. The general impression is that the distance traveled daily is very great. And so it may be. But the simple experiment of carrying a pedometer for a few weeks will probably show that one's income at a cent a mile would not be worth collecting until the end of a year.

A downtown office man has just finished an experiment of this nature. He carried a pedometer six weeks, registering its total each night. At the end of that time it was found that the distance traveled, though varying greatly from day to day, came to a fairly even average at the end of each week.

How many miles do you suppose he walked on the day of his highest record? Twenty? Thirty? Fifty? No, only nine miles. The lowest record came the very next day and was a mile and a half. But the average for each week was thirty-three and one-third miles, or an average of six and a half miles for each working day. The six weeks showed totals as follows: 39%, 27%, 37, 34, 32%, 30, or an aggregate of 200 miles and a half mile over. At the end of six weeks, therefore, he would have collected \$2 at a cent a mile.

In the course of a year this office traveling represents an impressive walking tour, with its total of 1,733 miles. If made as a continuous trip across country it would take him from New York to Bismarck, N. D., or to Galveston, Tex.—Brooklyn Eagle.

PERIL IN PAINLESS FACES.

Victims of Dread Malady May Be Hurt Without Knowing It.

"The red-hot wire," said the electrician, "burned the man's cheek till it sizzled and smoked. Yet he never moved out of the way. He continued to laugh and joke and pull on his clay pipe, and a smell of burning rose into the air."

"I pulled him to one side. 'Would you stand there,' I said, 'and be burned to death?' 'Was I burning?' he said, with a scared look. And he put his hand to the side of his face—the wrong side. Was it possible that he couldn't feel that horrible hurt?"

"Gentlemen, that man had no feeling in his face whatever. He told me that he had been operated on for tic douloureux, and the operation, while it had cured the tic, had left his face dead to all sensation. 'I had often read of the douloureux in English novels,' but I thought it was a trifling disease. This chap said it was a facial neuralgia, so painful that in the past 90 per cent of its victims either went crazy or killed themselves, but now there is an operation that gives relief."

"Every victim of tic undergoes the operation; hence there are a lot of people walking the earth with no feeling in their faces. The condition is a dangerous one, because you are likely to get hurt without knowing it."—New York Press.

The Speed of Light.

Just think of it! Eleven times around this globe of ours in the space of sixty seconds! Can you imagine anything that moves with such remarkable speed? Sound travels only twelve and a half miles per minute and a rifle ball (if its speed were not diminished by resistance) sixteen and a half miles. Light passes through a distance equal to seven and a half revolutions of the earth in one minute, but electricity travels so astonishingly fast that it is able to complete the circuit of the earth eleven and a half times in sixty seconds.

Oratory in the Commons.

One of the London weeklies laments the decay of oratory in the house of commons. An observer has classified the styles of parliamentary speaking thus: "Haw haw" style, the "hum and haw" style and the "he haw" style. The first, he says, is used by the haughty gentlemen who loiter in triumph on the treasury bench, the second distinguishes the utterances of the keen and watchful gentlemen on the front opposition bench, while the third fairly describes the effort of the private member.

A Loud Call.

William H. Crane, the actor, was once asked how it was that he never attempted serious Shakespearean roles. "But I did once," replied the comedian. "Years ago in the west I played 'Hamlet.'"

"Did you, indeed?" said an admirer and friend. "Didn't you have a great success? Didn't the audience call you before the curtain?"

"Call me!" roared Crane. "Why, man, they dared me!"—Argonaut.

That Was Different.

Landlady—I will let this excellent room at reduced rates because there is a woman next door who plays the piano continually. Applicant—Oh, that won't make any difference! The room is for my nephew here, and he is deaf. Landlady—Ah, in that case I must charge the full price!

Dangerous.

"Would you like to see my aquaria?" asked the naturalist. "Well, if he's securely chained I might, but I'm so afraid of wild beasts," replied the visitor.

Neutrals are soused from above and singed from below.—German Proverb.

Do You Believe in Signs?

Two spoons in one dish is a sign of thrift.

Thrift in buying shoes is not shown by how little you spend, but how much you get for what you do spend. A dollar in shoe making is but a dollar to all. Materials have gone up—to everybody. At old prices quality can't be as good. At its present price a Crossett is what it has always been—durable—comfortable—stylish.

SECURING POWER FROM THE AIR

South Dakota Farmer's Son Pulling
Down Electricity Franklin Fash-
ion—Lights the Home and
Runs Machinery!

(New York Herald.)

South Dakota cities are supplied with electric light, the electricity for which is generated by the power of artesian wells; farm machinery is run by motors and turbine wheels operated by the gushing wells between the Missouri and James Rivers, but it has also been left to a South Dakota farmer to discover that enough electricity may be taken from the air above the buttes to furnish the power which will run electric lights, thrashing machines, and water pumps.

Such a discovery is one of the marvels of the electrical world and a dream of inventors for decades, but John H. Stranhan, son of a well-to-do farmer near Miller, S. D., has made the discovery, and from Sully Buttes may be seen a number of tandem box kites, while half way to the earth, on a No. 8 copper wire, hangs a strange white box the size of a bee hive.

From the copper wires which descend from this box enough electrical energy is secured to run the motors with which the Stranhan home is lighted; a feedgrinder and thrashing machine operated and a big electrical pump which pours water into the irrigating ditches.

Young Stranhan is a graduate of an Eastern polytechnical school, where he went to complete his studies after graduating from the University of Nebraska, in Lincoln. Since leaving the school he has devoted much of his time to studying the Hertzian waves, the electrical waves which make the wireless telegraph possible. He has experimented under the belief that it was possible to collect the electricity in the air and use it for commercial purposes.

He now declares he has perfected a device which gives him the first current from the air about Sully Buttes, and by a series of inductions the power is increased until it runs all the machinery on the Stranhan farm.

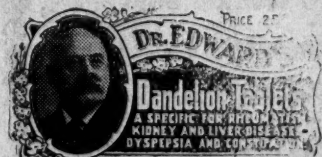

Stranhan says that his scheme was successful from the start, so far as the production of an electrical current was concerned, but that the difficulty was in procuring a current of sufficient potentiality to be of utility in farm work. After months of study and experimentation, however, he says that he hit upon a simple device which answered the requirements, and that now he is able to secure from the clouds a current sufficiently strong to run a twenty-horse power motor. He says that by increasing the size of his collector he is confident that he will be able to produce currents of practically unlimited power.

AT ST. ANDREW'S CHURCH.

Decided Improvements to Interior of
Building—Carpet and Pews.A very handsome velvet carpet is
being laid in St. Andrew's Presbyteri-
an church, preparatory to the installa-
tion of the new pews about December
1st. The carpet is being laid by the
C. W. Polvogt Company and that im-
provement represents an expenditure
of something like \$700, the fund hav-
ing been raised by the Ladies' Aid
Society of the church, which is one
of the most energetic organizations of
ladies of any denomination in the
city.The new pews are of handsome
quartered oak and are being made in
Ohio at a cost of about \$1,200. They
are of the latest design, circular pews
and will add greatly to the comfort
and convenience of the congregation.
The church has recently installed a
very handsome pipe organ at a cost
of \$3,000, which with a modern heat-
ing plant also recently installed, makes
the improvements at the church very
notable. Both Dr. McClure and his
people are alive and the work of the
church was never in more flourishing
condition.

Unlicensed Stevedores.

Isaac Robinson and John Smith,
colored, were arrested yesterday after-
noon on warrants from Justice Fur-
long, charging them with carrying on
the work of stevedoring without pay-
ment of the State license of \$50 per
year and furnishing bond in the sum
of \$2,000 as required. They gave
bond for preliminary trial before Jus-
tice Furlong at 4:30 o'clock this after-
noon. The licensed stevedores of
the port are behind the prosecution.
They claim they have to pay the tax
and purpose that all others engaged in
the business shall do likewise.

CIRCUS DAY MONDAY.

Local Interest in Coming of Barnum &
Bailey Show.The near approach of circus day
accentuates interest in the notable
list of arenic features announced for
the Barnum & Bailey Greatest Show
on Earth, which comes to Wilmington,
next Monday, November 12.The new "Peace" spectacle which
serves as an introduction to the triple
ring performance, is described as
quite the cleverest and most brilliant
display of the kind ever attempted.
The military character afforded by
the Russo-Japanese war is, it is said,
taken advantage of in a way that
leaves nothing to be desired, while
the introduction of the allegorical ele-
ment into the story gives an oppor-
tunity for utilizing scores of pretty
and shapely girls, in costumes of gor-
geous coloring and striking pictur-
esqueness.The spectacle, ambitious thought it
is, is said to be simply an introduc-
tion to an arenic performance of ex-
ceptional merit and novelty. During
the nearly three hours of performance
in the big hippodrome pavilion, the
three ring, the two stages, the aerial
spaces, and the great racing track are
said to be vibrant with novel feats
and displays of 300 artists from all
parts of the world hundreds of horses
and scores of wonderfully trained an-
imals, including elephants, sea lions,
bears, sheep and ponies. There are
it is announced, several big thrillers.
One of them the "dip of death" serves
to exploit the daring of a courageous
American girl who rides 40 feet
through the air in an inverted auto-
car; another presents the Bolle
Brothers in sensational mid-air re-
velutions on bicycles.Among the announcements for the
regular circus company are the
Troupe Carmen, in a novel high wir-
act; the Imperial Viennese aerialists;
the Steves, aerial trempin; the
Florenz La Mont, Grunatho and Ca-
trillion Troupes of acrobats; a long li-
of well known riders headed by the
Les Rowlandes, a company of French
equestrian acrobats who utilize a ti-
lyho coach with four running horses
for their various exploits; Josie I.
Mott, the only lady somersault rider
the Ray Thompson Troupe of Train-
menage horses, troupes of educated
sea lions, dogs and ponies; three her-
of acting elephants; a company of
funmakers, introducing Spader Joh-
son; Ryan, Zorella and Bartlett; I.
nocoenti and Albertino; the Brothe
Kennard; Dan Varvelle and other po-
pular clowns; a newly equipped hip-
podrome and what is declared to be the
finest collection of rare wild animals
on this continent.The Barnum & Bailey engagement
should make a new record in this of
for big crowds and popular inter-
est. The show arrives in Wilmington
Sunday and exhibits on the Hill
grounds.

Died on Wilmington Train.

On the A. C. L. train from the south
night before last an Italian who had
been injured in an accident on a hand
car at a saw mill near Bolton, N. C.,
died. He was on the way to the hospi-
tal here and died before reaching here.
The remains were prepared for burial
by Funeral Director Jas. F. Woolvin
and were buried yesterday afternoon
in the Catholic cemetery after fune-
ral services by Rev. Father C. Dennen.
The foreigner came over to this coun-
try from Italy a short while ago.

JAP DEFENSES KNOWN TO US

War Department at Washington Compiling Data About Mikado's Fortifications—Information Has No Connection With War Talk.

Washington, Nov. 7.—The government has in its possession maps showing the defenses of Japan. The attempt of the Japanese to sketch the fortifications at Manila has disclosed the fact that the War Department is compiling much information about those of the Mikado. No underhand methods are employed.

Maps showing everything of military value or significance, together with other information, have been procured and the work already done is remarkably complete.

The undertaking is not based on any particular impression that Japan is likely to become an enemy, though among army and navy men, it is the general opinion that there is more likelihood of complications with Japan than with any other country.

In gathering military information American countries and Japan have received the most attention. Canada for instance, is well in hand, and Cuba has been charted with the greatest detail and exactness.

These maps are verified and kept corrected to date and would be of the greatest value in case of war. The Japanese owed much in their Manchurian campaign to their superior intelligence service, each Japanese commander being well supplied with information at the beginning of his campaign.

NOBODY SPARED.

Kidney Troubles Attack Men and Women, Old and Young Alike—Kidney ills seize young and old alike—Quickly come and little warning give—Children suffer in their early years—Can't control the kidney secretions—Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Robust men have lame and aching backs.

Old folks, weak, rheumatic, lame, Endure distressing urinary ills. The cure for man, for woman, or for child.

Is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys.

Cure all the varied forms of kidney suffering. Wilmington testimony guarantees every box.

J. T. Ebert, of 515 South Sixth street, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brick-dust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at R. R. Bellamy, druggist.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache, and dizziness. 25c at Bellamy's drug store.

SALE OF NORWEGIAN BARQUE LAUNBERGA, AND CARGO OF SAWED LUMBER.

By order of the United States District Court for the Eastern District of North Carolina. I will expose for sale to the highest bidder at the front door of the United States Custom House, in the City of Wilmington, N. C., at 12:30 P. M. on Monday November 12th, 1906. The Norwegian Barque "Launberga" as she lies in the Cape Fear river, near Southport, N. C., and also her cargo, consisting of about nine hundred thousand feet (board measure) of sawed yellow pine lumber, the same being of dimensions as follows: 6x9 and 3x9 running in lengths of from 10 to 40 feet. The cargo will be exposed to sale first 323 then the vessel. The purchaser of the cargo will have the right to remove it at his own cost.

The purchaser of the vessel will be put into possession as soon as the cargo is removed. The vessel is (about) 1,400 tons—and about 15 years old. She is dis-masted and otherwise injured. Both cargo and ship will be sold as they are, and at the risk of the purchaser. TERMS CASH. CLAUDIUS DOCKERY, United States Marshal. Per C. O. KNOX, Deputy U. S. Marshal. Wilmington, N. C., Nov. 3rd, 1906.

The Wooing of Woman

Began in the Garden of Eden and has been going on with all its delicious consequences ever since. It is the starting point of a woman's life, the hour in which the sun really begins to shine.

Be she savage or civilized it is the dawning of the great light for which every woman longs. The story of how the world in every clime has done its wooing is the most fascinating that can be told the children of men and women.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

"Wilson Heaters"

(Only Highest Grade Materials Used.)

The Wilson Heater will produce more heat from a unit of fuel, and keep your home at a more even temperature, with little or no trouble, and fewer ashes than any other heater made.

There is no Noxious Gas, Offensive Smoke or Cold Floor Draft where the Wilson Coal Heater is used.

Holds fire 36 hours or longer. The combustion is perfect—the heat does not go up the chimney. Burns every particle of the coal; does not make clinkers and leaves very little ash. Other stoves look much like the Wilson, but—that's all. None of them work like the Wilson and none are so good.

—Raleigh News and Observer, Nov. 9.—Rev. John N. Cole, superintendent of the North Carolina Methodist orphanage here arrived yesterday morning from Rockingham with his family, and they will make their home at the orphanage. Dr. Cole has been in charge of the orphanage several months, but spent the past week doing work in his capacity as presiding elder in the Rockingham district.

—Statesville Landmark.—John, little son of Rev. and Mrs. J. M. Gibbs, suffered a singular accident Sunday which was the cause of Dr. J. E. Laughlin performing a very peculiar surgical operation. John is just a bit tongue-tied and while he had a finger ring in his mouth in some manner became fastened under his tongue. When all efforts to remove it had failed the physician was called in and he was forced to cut the string and web under the child's tongue before the ring could be removed.

—Asheville special, Nov. 8.—James J. Britt, late Republican candidate for Congress from the Tenth district, has admitted his defeat at the hands of Crawford, and has sent Crawford a telegram of congratulation. Crawford's majority is greater than that received by Gudgeon two years ago. Republicans hereabouts say their party may as well stop nominating a man for Congress as the district is solidly Democratic. Other Republicans say they favor bringing Pearson back here to oppose the Democratic nominee two years hence.

—Winston-Salem, Nov. 8.—Congressman-elect R. N. Hackett of the eighth district arrived here this evening and to-night responded to a toast "The Brotherhood of Man," at a banquet given by the Masons, who to-day laid the cornerstone for their \$75,000 Masonic temple. Mr. Hackett in an interview to-night stated that according to figures furnished him his majority over E. Spencer Blackburn, the present Congressman, is 1,107, and he thinks this is accurate. Mr. Blackburn declared to-day that he proposed to make a contest and that he would fight it out in Congress if it took him 10 years.

—Salisbury special, Nov. 8.—The official canvass of the vote of Tuesday proves that R. N. Hackett, of Wilkes-Democrat, swept the Eighth North Carolina district for Congress by a majority of 1,216 over E. Spencer Blackburn, his Republican opponent. The board of canvassers report Hackett's majority by counties as follows: Stanley 168, Cabarrus 174, Rowan 1,061, Iredell 922, Alleghany 292, Ashe 25, Blackburn is given Alexander by 15, Wilkes 733, Surry 429, Watauga 200 and Caldwell 149. The fight was the hottest in the history of the district and the Republicans concede that the victory was fairly won.

—Mayor McNinch, of Charlotte, was a visitor at the White House again on Thursday. He is endeavoring to arouse government officials to the importance of establishing a large army post at Charlotte and is enthusiastic over the subject. He has had satisfactory interviews with a number of officials and has met with encouragement through an appropriation of Congress will be necessary to establish a post. It is the purpose of Charlotte people to bring the subject before the State delegation in Congress and with their influence and support urge a Congressional appropriation. Mayor McNinch believes that the South should have another army post and thinks Charlotte an ideal location.

—Salisbury Post, Nov. 6.—The news came to Salisbury just to-day of the hair-raising experience of Albert L. Lingle, who went to Crescent last Saturday night to make a political speech. Mr. Lingle has been very active in this campaign for the major portion of the Democratic ticket, having abandoned the Republican colleagues with whom he associated in the campaign of 1904. At Crescent he proposed to show his former party associates error of their way, but they willed it otherwise. Mr. Lingle was taken from the hustings, escorted to a near-by tree and securely bound. His captors then left him and he was exposed to the wintry blasts until the dawn of Sabbath. Mr. Lingle says the prosecution of his assailants will follow.

—Lexington Dispatch: Civil Engineer H. Morton Stephens is, with five assistants, busily engaged at this place completing details of the South-bound Railway survey. Mr. Stephens tells us that the right of way from Winston-Salem to Wadesboro, including the two terminals is practically secured, except right here in Lexington. Strange to say this is the only place that is giving trouble, although, Lexington, we understand, agreed to handle the Davidson County right of way. The trouble seems to be the effort of some people to get the earth for a few feet of dirt. There is no objection to a citizen trying to get a fair and even a good flat price for his property, but to block a great enterprise by endeavoring to force the railroad into paying an exorbitant

price for right of way is very objectionable.

—Raleigh News and Observer: Senator Simmons leaves this morning for Jones county where he will spend several days on his farm, resting after the arduous labor of the campaign. His postoffice address will be Trenton. In all the campaigns he has conducted no one, except that of 1898, has required more of his time and more of his resourceful ability. The apathy and indifference manifested in the early part of the campaign born of a feeling that all was safe called for strenuous efforts to arouse the Democrats of the State to the wisdom of making a strong effort to administer a deserved rebuke to the pretense of Butler and Adams and their misrepresentation of Democratic government. Mr. Simmons requests all the Democratic county chairmen to send full reports of the official returns by mail as soon as possible and to address them to Secretary Alex J. Sields, Raleigh.

—Wilson special, Nov. 8.—Fire started to-night at 11 o'clock in a four-story frame house used for a tobacco prize building, the building owned by Col. Thomas S. Kenan, of Raleigh, and occupied by the Banner Warehouse Company. The building was totally destroyed. It was valued at \$6,000 with \$3,000 insurance. There was a stock of \$15,000 worth of tobacco in the building and this was lost also. On the first floor was the steam dry works of Elmore Walls. This was destroyed, entailing a loss of \$300. Wainwright's foundry was damaged to the amount of several hundred dollars. The machine shop of Mr. Sheeley was damaged \$2,000, or half its value. The skating rink, which was formerly a tobacco warehouse, owned by J. C. Hales, Frank Rains and others was damaged several hundred dollars. These three buildings were partially insured. While the fire was in progress sparks set fire to the stables of J. J. Privett, about a quarter of a mile distant and entirely burned them up. Several other roofs caught, but without much loss.

—The Far Eastern Review for May 1906, just at hand, contains an extended sketch of the new firm of Williamson Brothers, Redding & Co., who are engaged at Zamboanga in an extensive trade in saw logs, timber and various island products. Mr. F. P. Williamson of this firm, is a son of Capt. B. P. Williamson, treasurer of Wake county, residing in Raleigh. Mr. Williamson and Mr. F. W. Redding, who we judge by the name, is from Randolph county, served in the United States volunteer forces in the northern islands, and then settled down to business. After looking over a large part of the archipelago they decided to establish business in the Moro country. "To-day," says the Far Eastern Review, "they are satisfied with their choice. They are engaged in various lines,—mining, planting, exporting and importing, and even shipbuilding. The conditions existing during the first few years were not favorable. There were no banks and business men abroad were hard to convince of the advantages to be gained by direct trade with so distant and unsettled a province. However, the firm has prospered and has laid broad and deep foundations.

WOMEN'S SHOES

THAT'S why many of our new "Queen Quality" styles might be called. The makers of "Queen Quality" shoes have long enjoyed world-wide renown for the beauty and originality of their shoe styles. But this season's models with their new toe shapes, new heels and new patterns, set a still higher mark. We onlook the opportunity of showing the new styles and demonstrating their superior style and fitting quality. Prices are \$4.00, \$3.50 and \$3.00.

THE COTTON MARKET.

New York, Nov. 9.—The cotton market was active and after an opening advance turned very weak and unsettled with prices breaking to just about the previous low point of the week. The close was easy at a net decline of 28 to 31 points. Sales for the day were estimated at 400,000 bales. The market opened at an advance of 7 to 11 points in response to higher cables and supporting orders from some of the prominent local traders. There was a great deal of cotton for sale on the advance, however, part of it coming through wire houses with Southern connections and after selling at 10 cents for January and 10.17 for March, the market weakened. Some of the early buyers began selling very freely on the decline which soon caught stop loss orders and it was not until January reached 8.60 and March 9.80 that there was enough covering to check the downward course of the market. A rally of about 10 points was followed by a renewal of bear pressure and the lowest levels were reached in the late trading when January sold at 9.57 and March at 9.76. The close was only a point or two up from the lowest. The weather was good all over the South; receipts not so heavy as last week but bearish compared with last year's and three or four bearish crop estimates were in circulation.

Receipts at the ports to-day 69,749 bales against 44,641 last week and 60,730 last year. For the week estimated 450,000 against 478,171 last week and 364,489 last year. To-day's receipts at New Orleans 9,416 bales against 11,500 last year and at Houston 16,000 bales against 11,679 last year.

Spot cotton closed quiet 20 points decline; middling uplands 10.10; middling gulf 10.35; sales 150 bales. Futures opened and closed steady but easy.

READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the

COLD COMFORT FOR ROOSEVELT

William J. Bryan's Analysis of
Hearst's Great Fight in
NEW YORK.

WAS DEMOCRATIC VICTORY

Election of Democratic Ticket Except
Mr. Hearst, in President's Own
State, Not Calculated to Glad-
den His Thanksgiving.

By Wire to The Morning Star.
Lincoln, Neb., Nov. 9.—Commenting
on the results of Tuesday's election
William J. Bryan tonight issued a
statement, in part as follows:

"The election of 1906 indicates a
trend in favor of the Democratic party.
It proves that the Democratic party
is growing stronger as Republican
policies are developed. In New York
the party has won a signal victory in
spite of the tremendous efforts put
forth in behalf of the administration.
The Republicans had all the money,
they wanted. They had the support
of all the great corporations and at the
close they had whatever influence the
administration could lend. The fact
that the Democrats elected every
State officer, excepting the Governor,
shows that in the Empire State the
Republican party has been repudiated.
The defeat of Mr. Hearst, the Demo-
cratic and Independence League candi-
date for Governor, while a great dis-
appointment to his friends and to the
party, is explained by facts which rob
Mr. Hughes' victory of both glory and
political significance. Mr. McCarren,
whom Mr. Hearst denounced as a boss,
threw his influence to Hughes and
cut down Mr. Hearst's vote in
Brooklyn. Mayor McClellan, the legiti-
mate of whose election Mr. Hearst had
denied, used his influence for Mr.
Hughes and cut down the Hearst vote
in New York. Mr. Jerome, the prose-
cuting attorney of New York, who had
also been attacked by Mr. Hearst,
supported the Republican ticket and
his influence was felt in Greater New
York. Mr. Croker, during the last
days of the campaign, made attack
upon Mr. Hearst which doubtless
weakened the Democratic candidate
among the Tammanyites. Mr. Mur-
phy, the head of Tammany, while sup-
porting the ticket could not put much
enthusiasm into the campaign owing
to the personal controversies which
he had had with Mr. Hearst. It is
evident, therefore, that Mr. Hughes
owes his victory not to Republican
votes but to Democratic votes brought
to him by the very men whom he and
the Republican leaders have been de-
nouncing for years.

"President Roosevelt cannot find
very much cause for rejoicing in the
New York returns. To have his own
State go Democratic cannot be grati-
fying to him and to find that his per-
sonal attack upon Mr. Hearst had lit-
tle influence on the result compared
with the influence exerted by Mr.
McCarren, Mr. Murphy and Mr.
Croker, will not gladden his Thank-
sgiving Day. The President's personal
attack on Mr. Hearst was in bad taste
to say the least.

"Mr. Hearst is, of course, disappoint-
ed, and yet, when all the fact are
known, he has much to congratulate
himself upon. He made a tremendous
fight against great odds and while he
himself failed of election his heroic
struggle brought victory to the rest of
the ticket. His personal enemies have
contributed to his defeat, but the tri-
umph of his ideas still leaves him in
a position to continue the fight for
the protection of the public against
the encroachments of predatory
wealth.

"If the trend toward Democracy
continues as strong for the next two
years as it has been for the last two
years, New York can be counted
among the Democratic States in 1908
and Mr. Hearst is in a position to do
valiant work in securing a national
triumph for progressive, Democratic
ideas.

"The Republicans have had an effec-
tive campaign cry in standing by the
President. While the record
showed that the Democrats in the
Senate and House stood by the Presi-
dent better than the Republicans, the
admirers of the President very natu-
rally gave weight to his appeal for a
Republican Congress, although in mak-
ing the appeal the President put a
personal victory above the reforms which
he has been advocating.

"Two years from now that appeal
will be of no avail, for the President
will not be in office after March 4th,
1908. Even if he were a candidate,
which no friend of his can assume
after his repeated declarations, he
would have to confront the third term
issue and who would say that issue
alone would not lose the President
enough votes to make his race hope-
less?"

In the De Castellane divorce suit in
Paris, Count Boni's lawyer tried to
show the court that a legal separa-
tion from his rich wife means that he
would be without visible means of
support. Count Boni's lawyer talks
like a man trying to save his client
from being sent to the roads.

BROOKLYN DEMOCRATS MAD

Want to Read Out of Party All Who
Fought Hearst—Committee Took
Steps to Protect the State
Ticket.

By Wire to The Morning Star.

New York, Nov. 9.—The Democratic
State committee met here today and
by a vote of 30 to 13 adopted a reso-
lution providing for an investigation
of the conduct of the King's County
State Senator Patrick H. McCarren,
Democratic organization headed by
during the campaign "just closed." A
delegation of Brooklyn Democrats
headed by Patrick Hayes, warden of
the King's county penitentiary, and a
former leader of one of the assembly
districts included in Senator McCarren's
senatorial district, preferred
charges against the senator and the
King's county committee. It was al-
leged that McCarren had "knifed" the
head of the ticket and urged his fol-
lowers to do the same.

The State committee also took steps
of defence against action that may
be taken by the Republicans to over-
throw the pluralities which seem to
exist in favor of the Democratic candi-
dates on the State ticket from Hen-
rietta governor down.

Chairman W. J. Connors presided,
leader Charles F. Murphy, of Tamman-
ny Hall, Senator McCarren, of Brook-
lyn, and Norman E. Mack, of Buffalo,
Democratic national committeeman,
were among those present. Max F.
Thomsen, State chairman of the In-
dependence League, was in consultation
with a number of the members al-
though he did not attend the session.

Warden Hayes and his associates
remained with the committee forty
minutes. The delegation asked that
Senator McCarren be relieved from
further service on the committee. It
was declared by the spokesman that
"McCarren's place is with the Repub-
licans." It was asserted that the ac-
tion of Senator McCarren and the
King's county committee "destroyed
the Democratic organization of the
county and made that organization
simply an annex or an ally of the Re-
publican organization."

In conclusion the petition asked that
not only McCarren but all the other
members of the committee from
King's county be removed.

Senator McCarren declared in reply
that at a meeting of the King's county
committee he had said some
things about Mr. Hearst.

"And if the opportunity presents,"
he declared, "I shall repeat them.
When a fellow hits you on the jaw, I
do not believe in turning the other
cheek. I believe in striking back,
straight from the shoulder. I deny
that I knifed the ticket of the Buffalo
convention. As to Mr. Hearst I re-
gard him as the bolter, not myself,
and the King's county organization re-
garded him as a bolter."

The committee discussed the situa-
tion regarding the belated returns. In
this connection W. Bourke Cockran
offered a resolution which was adopt-
ed, declaring "that each member of
this committee be instructed to place
himself in communication immediately
with all local representatives of the
party organization in his district for
the purpose of verifying the results
of the late election."

The resolution also said: "While we
regret profoundly that our candidate
for Governor has himself fallen a vic-
tim to the rancor of the powerful pub-
lic enemies against whose enormities
his candidacy was a revolt, our deep-
est concern is for the sinister result
entailed on the people. Of these the
first proposition originally planned last
Winter but deferred while there re-
mained a possibility of Mr. Hearst's
election and which has followed with-
in 24 hours of his defeat practically
is the deposition from the presidency
of a great railway of a man whose
record of brilliant business success
is unstained or unclouded by his ex-
ecutions, that the course of rectitude
and probity which he has pursued
constitutes a claim of superiority to
his fellow directors. This flagrant out-
rage on common decency, which, if the
Democratic candidate for Governor
had been elected would never have
been attempted, while ominous of the
length to which exponents of rotten-
ness in corporate management now
feel themselves encouraged to venture,
must nerve Democrats to added watch-
fulness in protecting such fruits of
conscientious voting as have succeed-
ed in withstanding the blighting and
abhorrent influences to which Mr.
Hughes owes his election."

Subsequent to the meeting it was
announced that Perry Belmont, rep-
resentative from the senatorial dis-
trict included in Nassau county, had
resigned.

BLOODY FIGHT ON TEXAS BORDER

Armed Mexicans Attack Four
Texas Rangers in Camp.
Thursday Night.

FOUR GREASERS SHOT DEAD

Trouble Grew Out of Assassination of
Judge Welch by Hired Assassins—
Mexicans Take Hand in
Texas Elections.

By Wire to The Morning Star.

Laredo, Texas, Nov. 9.—Four Texas
rangers sent to Rio Grande City to
quiet turbulent political conditions
there and investigate the assassina-
tion of District Judge Welch, which
occurred the night before the election,
were ambushed by a body of armed
Mexicans between Fordyce and Rio
Grande City late last night. The
rangers were asleep in camp when
awakened by a volley of shots from
the darkness. A pitched battle en-
sued and four of the attacking party
were killed, one fatally wounded and
two captured. The rangers escaped
unscathed.

Gov. Lanham to-day ordered a com-
pany of cavalry to Starr county, and
a special train is now carrying the
troops on a fast run.

The situation in Starr county was
brought about by alleged election ir-
regularities, due to political clubs sup-
plying Mexican residents with poll tax
receipts and insisting that they be
allowed to vote. Judge Welch had
gone to his home in Corpus Christi to
be present at Rio Grande City on elec-
tion day in an effort to prevent dis-
orders. He was assassinated while
he was asleep Monday night. It is
charged that armed representatives of
political clubs controlling the Mexi-
can vote, patrolled the voting places
on election day and refused to allow
members of the opposite faction to
vote. Several shooting affrays occur-
ed but no one was killed or wounded.
It is charged by one faction that Judge
Welch was murdered by a hired as-
sassin and that last night's ambushade
of the rangers was instigated by the
same faction.

There are reports of continued riot-
ing in Rio Grande City, the extent of
which is not known.

Federal Troops Near Scene.
Washington, Nov. 9.—No official re-
port of the clash between the Texas
rangers and the Mexicans near Rio
Grande City has yet reached Wash-
ington and the officials scarcely expect
that there will be a report unless the
matter is made the subject of diplo-
matic representations by the Mexican
government, and so far the Mexican
embassy here has not been advised of
any such purposes.

Troops are near the scene of trou-
ble. They would act under command
of Gen. McCasky with headquarters at
San Antonio in case of need.

In explanation of the statement that
the Mexicans are incensed at being
excluded from voting last Tuesday, it
is said by army officers that it has
in the past been a common practice
to bring Mexicans over the line and
vote them in Texas when factional is-
sues were being strongly contested
and it is conjectured that the Mexi-
cans resented being deprived of the
money they earned in that way.

Fair Warning From Rangers.

Austin, Texas, Nov. 9.—In response
to a dispatch from Rio Grande City,
Gov. Lanham to-day ordered a troop
of cavalry from Corsicana to the
scene of last night's conflict between
Rangers and Mexicans and has in-
structed the troops of this city to hold
themselves in readiness to leave at a
moment's notice.

WORLD'S RECORD IN SHOOTING

Mrs. Topperwein and Team Break
400 Out of 500 Targets.
By Wire to The Morning Star.
Albany, Ga., Nov. 9.—Shooting over
the traps of the Albany Gun Club this
afternoon the Winchester squad es-
tablished a new world's record for a
team of five, breaking four hundred
and ninety targets out of five hun-
dred targets. The record is consid-
ered the more remarkable on account
of the fact that one of the team mem-
bers is a woman, Mrs. A. Topperwein,
of San Antonio, Texas. The records
of the individual members of the team
were as follows: J. M. Hawkins, 98;
W. R. Crosby, 99; Mrs. A. Topperwein,
96; John S. Boa, 99; J. R. Taylor, 98.
The record of 490 is two targets bet-
ter than the best hitherto made.
